RATES OF POSTAGE AND CONDITIONS OF TRANSMISSION.

*Inland Letters.**

1. The rates of postage to be prepaid are as follows, † viz. :—

For a letter not exceeding 1 oz.	-	-	-	1d
„ exceeding 1 oz. but not exceeding 2 oz.				1½d
„ „ 2 oz.	„	„	4 oz.	2d
„ „ 4 oz.	„	„	6 oz.	2½d
„ „ 6 oz.	„	„	8 oz.	3d
„ „ 8 oz.	„	„	10 oz.	3½d
„ „ 10 oz.	„	„	12 oz.	4d

A letter exceeding the weight of 12 oz. is liable to a postage of 1d for every ounce, beginning with the first ounce. A letter, for example, weighing between 14 and 15 ounces must be prepaid fifteen-pence.

2. A letter posted unpaid is chargeable on delivery with double postage: and a letter posted insufficiently prepaid is charged with double the deficiency. On re-directed letters the charge for re-direction is the same whether prepaid or collected on delivery (see paragraph 111).

3. No letter may exceed the dimensions of one foot six inches in length, nine inches in width, and six inches in depth.

Addresses to the Queen and Petitions to Parliament.

5. Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are either without covers or are in covers open at the sides. No letter or other enclosure, however, must be inserted; and if one be found, such enclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

NEWSPAPERS.

(I). *Inland.*

6. By the "Post Office Act, 1870," the use of the Inland Revenue impressed stamp denoting the stamp duty, under which Newspapers and other periodicals had been previously transmissible by post within the United Kingdom, was abolished, and a postage of one halfpenny was fixed for each transmission of any Newspaper coming within the definition laid down in the Act.

* Inland Letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

† If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

Inland Newspapers are subject to the following regulations :—

- 1st. To have the privilege of passing as a Newspaper, the publication must first have been accepted as a Newspaper by the Postmaster-General, and have been placed on a Register at the General Post Office; ‡ from which it is liable to be removed, either through the non-renewal of the registration year by year, or in consequence of any change which may deprive it of the characteristics of a Newspaper.
Registration for inland circulation includes registration for transmission abroad.
- 2nd. It must be printed and published in the United Kingdom, must be published in numbers at intervals of not more than seven days, and must be printed on a sheet or sheets unstitched.
- 3rd. The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and the date of publication at the top of every subsequent page; and this regulation applies to "Tables of Contents" and "Indices."
- 4th A Supplement must be unstitched, must in every case be published with the Newspaper, and must have the title and date of publication of the Newspaper printed at the top of every page; or, if it consist of engravings, prints, or lithographs, at the top of every sheet or side.
- 5th. For each Newspaper whether posted singly or in a packet, the postage, when prepaid, is one halfpenny; but a packet containing two or more registered newspapers is not chargeable with a higher rate of postage than would be chargeable on a book packet of the same weight, viz., one halfpenny for every 2 oz. or fraction of 2 oz.
- 6th. A Newspaper posted unpaid, and a packet of newspapers posted either unpaid or insufficiently paid, will be treated as an unpaid or insufficiently paid book packet of the same weight.
- 7th. The postage must be prepaid either by an adhesive stamp or by the use of a stamped wrapper.
- 8th. No newspaper can be sent through the post a second time for the original postage, for each transmission a fresh postage must be pre-paid, except that in the case of re-direction the amount chargeable may be collected on delivery.
- 9th. Every newspaper or packet of newspapers must be posted either without a cover or in a cover entirely open at both ends, and in such a manner as to admit of easy removal for examination. If this rule be infringed, the newspaper or packet will be treated as a letter.
- 10th. Every newspaper must be so folded as to admit of the title being readily inspected.
- 11th. A newspaper whether posted singly or in a packet, which contains any enclosure except the supplement or supplements

‡ The conditions of admission to the Register may be ascertained on application to the Secretary to the Post Office.

belonging to it, will be charged as a letter; unless the enclosure be such as might be sent at the Book Rate of Postage, and the entire packet be sufficiently prepaid as a Book Packet, in which case it may be allowed to pass.

12th. A newspaper which has any letter, or any communication of the nature of a letter, written in it or upon its cover, will be charged as an unpaid or insufficiently paid letter.

13th. No packet of newspapers must exceed 14 lbs. in weight, nor may it exceed two feet in length or one foot in width or depth.

III.—POSTAGE STAMPS.

17. Every Head Postmaster is required to keep, for sale to the public, a sufficient stock of halfpenny Post Cards, of the various postage labels in use, and of envelopes with the penny stamp embossed. The labels are of the respective values of $\frac{1}{2}$ d, 1d, $1\frac{1}{2}$ d, 2d, 3d, 4d, 6d, 9d, 10d, 1s, 2s, and 5s. Sub-postmasters are required to keep half-penny and penny labels, and halfpenny Post Cards only; but they can procure any stamps of other values, or embossed envelopes which may be required. The envelopes are made of four sizes, viz., $5\frac{1}{4}$ ins. by $3\frac{3}{8}$ ins., $5\frac{1}{4}$ ins. by 3 ins., $4\frac{3}{4}$ ins. by $2\frac{3}{4}$ ins., and 4 ins. by $2\frac{1}{2}$ ins. They are sold at the following prices:—

s.	d.	s.	d.	s.	d.	s.	d.
1 for 0	$1\frac{1}{4}$	3 for 0	$3\frac{1}{4}$	6 for 0	$6\frac{1}{2}$	12 for 1	1
2 „ 0	$2\frac{1}{4}$	4 „ 0	$4\frac{1}{2}$	8 „ 0	$8\frac{3}{4}$	24 „	2 2

Head Postmasters are also required to keep Newspaper Wrappers bearing an impressed halfpenny stamp, of three different sizes, and to sell them at the following prices:—

PARLIAMENTARY PROCEEDINGS.

8. Printed Votes or Proceedings of the Imperial Parliament, sent without covers or in covers open at the ends, may circulate within the United Kingdom at the rate of one halfpenny for every 2 oz. or fraction of that weight.

The words "Parliamentary Proceedings" must be written or printed on the cover of the packet, otherwise it will be treated as an ordinary Book Packet.

Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part, the simple difference only will be charged.

Parliamentary Proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Foreign States between which and this country there is a book post (*see* Tables of Rates).

BOOK POST.—(1.) *Inland.*

9. A Book-Packet may contain not only books, paper, or other substance in ordinary use for writing or printing, whether plain or written or printed upon (to the exclusion of any written letter or communication of the nature of a letter), Photographs, when not on glass or in frames containing glass or any like substance, and anything usually appertaining to such articles in the way of binding and mounting, or necessary for their safe transmission by post, but also *Circulars*,—*i.e.*, letters which appear from internal evidence to be intended for transmission in identical terms to several persons, and the whole or the greater part of which is printed, engraved, or lithographed.

1st. The postage is one halfpenny for every two ozs. or fraction of that weight.

2nd. The postage must be prepaid either by adhesive stamps or by means of a stamped wrapper, or by a combination of the two; except at the Chief and District Post Offices and the Branch Offices at Lombard Street and Charing Cross in London, and at the Chief Offices in Edinburgh and Dublin, where, from 10 a.m. to 4 p.m., it may be prepaid in money, provided the postage amount to not less than 1 *lb.* in any one case, and provided the packets are posted in bundles each representing a postage of 5s.

3rd. A packet posted wholly unpaid will be charged with double the book-postage; and if posted partially prepaid, with double the deficiency.

4th. Every book-packet must be posted either without a cover or in a cover entirely open at both ends, and in such a manner as to admit of the contents being easily withdrawn for examination; * otherwise it will be treated as a letter.

5th. A book-packet may not contain any letter, or communication of the nature of a letter (whether separate or otherwise), not being a circular letter or not wholly printed, nor any enclosure sealed or in any way closed against inspection, nor any other enclosure not allowed by section 9. (Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.) If this rule be infringed, the entire packet will be charged as a letter.†

6. No book-packet may exceed 5 lbs. in weight, or one foot six inches in length, nine inches in width, and six inches in depth.

* In order to secure the return of book-packets which cannot be delivered, the names and addresses of the senders should be printed or written outside, thus, "From — of —."

† It is the duty of Postmasters, whenever they have ground for suspecting an infringement of any of the above conditions, and occasionally, even when there is no ground for suspicion, to open and examine book packets posted at, or passing through, their office.

POST CARDS.

12. Post Cards, which bear a halfpenny impressed stamp, are available for transmission between places in the United Kingdom only.

1st. The front (or stamped side) is intended for the address only. There must be nothing else written, printed, or otherwise impressed on it, nor must there be any writing or printing across the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed; but such communication must not extend to the front side. Nothing whatever may be attached; nor may the card be folded, cut, or otherwise altered. If any of these rules be infringed, the Card will be charged 1d on delivery.

2nd. No card other than one of those issued by the Government will pass under a halfpenny stamp, if it bear on it a written communication of the nature of a letter.

General Regulations.

13. When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book packets and Post Cards may be kept back until the next despatch or delivery.

14. It is forbidden to forward by post any indecent or obscene print, painting, photograph, lithograph, engraving, book or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted contrary to this prohibition will be stopped and sent up to the Returned Letter Office, London.

15. Postmasters are instructed not to receive any letter which there is good reason to believe contains anything likely to injure the contents of the mail bag, or the person of any officer of the Post Office. If such a packet be posted without the Postmaster's knowledge, or if at any time before its despatch he should discover any such packet, he is directed not to forward it, but to report the case, with the address of the packet, to the Secretary. The following are examples of the articles referred to:

A glass bottle, or glass in any form; razors, scissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit, or vegetables; bladders, or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion.

The Subscriber is confident that the strength and quality of the above goods are unsurpassed; his intimate experience for many years in their manufacture, and the improvements from time to time he has made in the preparation of them by the use of improved apparatus, lead him strongly to recommend them to the attention of grocers and Italian Warehousemen.

SUPERIOR CURRY POWDER possessing the true Indian flavour. Connoisseurs are invited to try it, it is in every way superior to what is commonly sold as Curry, and neatly put up in various sized Bottles.

A necessary adjunct to a pot of Liebig's Extract of Meat is a Bottle of
JAAP'S QUINTESSENCE OF SAVOURY SPICES.

A few drops added to the Beef Tea, Soup or Gravy, gives a delicious flavour, and remedies the insipidity so generally complained of. So marked is the want with purchasers of the extract, that a bottle need only be shewn to ensure a sale.

GLASGOW COFFEE ROASTING WORKS

AND

GENERAL GRINDING MILLS,

GRÈME STREET, GLASGOW.

DAVID MINTO

DESIRES to intimate that he has now erected those new and extensive premises upon the old site of ground, Macpherson Street, with a frontage to that street recently formed, called Grème Street, and has fitted up additional new Mills and Machines of different kinds, with every improvement, in order to facilitate the operations of his trade in its various branches. And while it has been his constant aim to supply the wants of his customers with all speed and convenience, he has much pleasure in stating that he is now in a better position than ever to meet the demands of Grocers, Confectioners, Biscuit Manufacturers, Druggists, Dyers, Drysalers, &c., with all the appliances which his new machinery can afford.

A French scientific gentleman who has directed his attention to this subject, says:—"I have found that Coffee is better roasted, and more of the aroma retained, when a double cylinder is used—the air between the interior and exterior cylinders acting as a non-conductor of heat. It is done more uniformly, while the essential oil on which the aroma depends is less liable to be dispersed than when exposed to the fierce heat of a fire in a single cylinder."

In the double rotatory globular method of roasting as practised at Mr. MINTO'S Works, Grème Street, Glasgow, the above principle is acted upon, inasmuch as the globe (which has superseded the cylinder since the application of steam-power to this branch) revolves in a medium of heated air, which experience has shown best prevents the dispersion of the essential oil or aroma.

DR. J. COLLIS BROWNE'S CHLORODYNE, THE ORIGINAL AND ONLY GENUINE.

CHLORODYNE is admitted by the Profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—Diphtheria, Fever, Croup, Ague.

CHLORODYNE acts like a charm in Diarrhoea, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From LORD FRANCIS CONYNGHAM, Mount Charles, Donegal,
11th December, 1868.

“Lord Francis Conyngham, who, this time last year, bought some of Dr J. Collis Browne's Chlorodyne from Mr Davenport, and has found it a most wonderful medicine, will be glad to have half a dozen bottles sent to the above address.”

Earl RUSSELL communicated to the College of Physicians that he received a despatch from Her Majesty's Consul at Manilla, to the effect that Cholera has been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See *Lancet*, 1st December, 1864.

CAUTION—BEWARE OF PIRACY and IMITATIONS.

CAUTION.—Vice-Chancellor Sir W. PAGE WOOD stated that Dr. J. COLLIS BROWNE was, undoubtedly, the Inventor of CHLORODYNE; that the story of the Defendant, FREEMAN, was deliberately untrue, which he regretted to say, had been sworn to.—See *Times*, 10th July, 1864.

Sold in Bottles at 1s 1½d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words, “DR. J. COLLIS BROWNE'S CHLORODYNE,” on the Government Stamp. Overwhelming Medical Testimony accompanies each Bottle.
